Re. Burnt Fork Dist.

Dear Mr. Lambert:

There is enclosed herewith a copy of a letter to Mr. E. J. Skeen, concerning the adjudication of the waters of Burnt Fork Creek. You will recall that sometime ago you suggested submitting a statement of the rights of the various individuals in Burnt Fork without obligation or commitment to either side, from which statement the claimants to the waters could agree or disagree, as a starting point in a possible compromise agreement.

I had anticipated this statement would be received prior to August 1 and for that reason have not submitted to your office or Mr. Skeen, affidavits of witnesses to be used by the Interstate Canal Company, and would like an extension of time in which to submit these affidavits. Such extension to extend a reasonable period after your proposed statement has been delivered to this office.

It is felt that such an extension will in no way jeopardize anyone's rights in view of the fact that all parties seem to be satisfied in the manner in which the water is being distributed this year.

Thanking you for your consideration in this matter, I am

Very truly yours,

Hugh W. Colton
